## 1. Introduction - Welcome

### Welcome to Kuwait International Rally.

The Organizing Committee of the 2022 Kuwait International Rally would like to welcome all participants in this international event and wishes them a pleasant stay in Kuwait.

On behalf of the Organizing Committee of the Rally and the Board of Directors of Kuwait International Motorsports Club (KIMC) I would like to thank the Minister of Information and the Minister of State for Youth Affairs His Excellency Abdul Rahman Al-Mutairi for his patronage of the Kuwait International Rally 2022.

This Year, Kuwait International Rally returns to the prestigious FIA Middle East Rally Championship after it has been stopped for two years due to Covid-19 pandemic. We at the organizing committee are working closely with all government departments in order to make this event a safe and successful event.

Kuwait has been proactive in motor sport events in the region where Kuwait International Automobile Club was first to organize a local rally in 1974 which started from Al-Qadisiya Sports Club and then Kuwait entered the FIA Middle East Rally Championship since it began in 1984.

This year's rally with the cooperation between Kuwait International Motorsports Club (KIMC) and Kuwait International Automobile Club (KIAC) shall witness a great success of the joint efforts between the two clubs. There will be a slight change in the competitive special stages in southern region of Kuwait this year, we are confident that all competitors will show their skills to its limits with fair play.

On this occasion, and with great gratitude we would like to extend our sincere thanks to the Governor of Ahmadi his excellency Sheikh Fawaz Khaled AL-Sabah, all departments of the Ministry of Interior, the Ministry of Health, represented by the Department of Medical Emergencies and to the General Administration of Fire Fighting, who have always supported and contributed to the success of this event.

The great support by the private sector to the success of the Kuwait International Rally has a significant impact in preparing well and has contributed greatly in providing the needs of the rally. On this occasion, the Organizing Committee thanks all companies that have kindly sponsored the rally this year.

Once more, we would like to thank everyone involved from participants, visitors and everyone attending this event for their support and wish them a comfortable and pleasant stay.

**Emad Jawad Bukhamseen**  
**Chairman of the Organizing Committee**  
**Chairman of Kuwait International Motorsports Club.**

email: [gk.evo11@hotmail.com](mailto:gk.evo11@hotmail.com)

### 5.3 Regulations and restrictions

All service vehicles must enter and depart via the time control and rally route but service vehicles arriving late or attempting to leave early may be stopped and delayed to allow rally cars priority. Please ensure that all service vehicles arrive before the rally cars and do not attempt to leave until after the last car has left.

A heavy-duty water and oil proof ground cover sheet measuring a minimum of 4x6 meters must be provided for each competing car in each service Park. In addition, each service crew must arrange for the collection and removal of all materials from the Service Park on departure, in order to leave the area clean. The organisers and the Service Park manager will allocate space for each competing car and its accompanying service vehicle, which will be sufficient for positioning the service vehicle and parking the rally car next to it for maintenance and repair etc.

Competitors are required to comply with the instructions of the Service Park marshals in positioning their vehicles in the spaces allocated. In principal spaces will be allocated to competition numbers starting with No. 1 nearest to the service park entrance.

**It is totally forbidden under any circumstances to drill holes in the ground at the Service Park. Teams and competitors are asked to bring weights for tents and others that need to be fastened.**

**Failing to comply with the service park requirements and regulations will incur heavy financial penalties at the discretion of the Stewards of the meeting.**

## 6. Two-way radio

The organizer must be notified of the frequencies concerned in order to decide on assignment of suitable frequency and issue a licence for the use of the radio transmitters.

## 7. Fuel and tyres

### 7.1 Fuel:

- a) In compliance with the 2022 FIA regional Rally Sporting Regulations All type of fuel must be in compliance with Appendix J Art. 252.9. Super unleaded 98 octane fuel is widely available in Kuwait. The competitors are responsible for checking the conformity of the event fuel.
- b) A refuel zone as well as a tyre marking control zone will be situated after the Service Park exit time control. However, a refuel remote venue will be positioned, throughout the itinerary, 13.70 km after finish of SS2/5 (S. Bin Eidan);
  - The GPS coordinates of the Remote Refuel Zone are:
    - N 28.60343
    - E 48.36796
- c) The refuelling procedure in the refuelling zones and the remote refuelling zones will be run in accordance with Article 61 of the 2022 FIA Regional Rally Sporting Regulations. Only actions inside the refuelling zone that are directly involved in the refuelling of the competing vehicle are permitted. Other activities are strictly prohibited.
- d) Refueling at Refueling Zones will be by fuel cans of metal construction. **Plastic cans are strictly PROHIBITED**, as they are extremely hazardous in hot weather conditions.

They will not be allowed in the Service Parks, the refuelling zones or at petrol stations. The petrol cans may be brought into the Service Parks in the service vehicles and then deposited in the refuel zone for storage and eventual filling by mechanics as the rally cars exit the Service Park. All petrol cans must be clearly marked for identification purposes with the crews' names and competition numbers etc. as to avoid confusion. A filling pump or funnel must also be used in order to prevent spillage of fuel when filling from cans.

- e) Smoking and the use of cellular mobile telephones at the refuelling zones or at filling stations is strictly prohibited.
- f) Refuelling at any of the designated petrol stations can either be carried out by depositing metal petrol cans for filling by hand in a special area at the rear of the filing station, or directly from the petrol pumps against payment.
- g) Maximum two team members shall be allowed to refuel the car. No other work on the rally car is permitted whatsoever, including the addition of oil or water at filling stations or inside the Refuelling Zones. In accordance with the "Refuelling Procedure" set in Article 61.2.3 of the 2022 FIA Regional Rally Sporting Regulations, In order to access the RZ, all personnel involved in refueling operations must wear clothing that provides adequate protection against fire and includes at least: long trousers, long-sleeved top, closed shoes, gloves and a balaclava.

## 7.2 Tyres:

- a) Cars must be fitted with moulded tyres Hand cutting or modification of the specified tread pattern is not permitted. Only marked tyres may be used on special stages.
- b) All tyres must comply with Article 13 of the 2022 FIA Regional Rally Sporting Regulations read in conjunction with Appendix V of the 2022 FIA Regional Rally Sporting Regulations.
- c) Each tyre must have either:
  - two identical moulded barcode numbers (one on each side of the tyre/ each barcode having a different colour as defined by the FIA) supplied by the 2022 FIA-approved barcode supplier; or
  - a single moulded barcode number supplied by the 2022 FIA-approved barcode supplier.

These barcodes will be used to check that the same tyres remain fitted to a particular car between tyre changes and that competitors are not exceeding the maximum quantities allowed.

The tyre barcode must always be visible from outside the car.

A wheel/tyre marking/ barcode reading zone will be established at the exit of the Service Park.

- d) crews to handle spare wheel themselves.
- e) All previous tyre marking stickers must be removed from your wheels in order to facilitate the task of the marking team in charge and reduce stop time in the marking zone.
- f) **Tyre Quantities**

The overall quantity of tyres for use at the Kuwait International Rally 2022 is:

- For competitors entered with RC2 and RGT cars, a maximum of 18 tyres may be used during each rally.

- For competitors entered with RC3, RC4 and RC5 cars, a maximum of 14 tyres may be used during each rally.
